

For **English** we will be reading 'Space Detectives' by Mark Powers. It is a Science Fiction story set on a space station called Starville.

Imagine what this floating city might be like. What odd new creatures may live there? What strange things might happen? Write a short story about your own adventure on Starville.

In **Science** we are focusing on the skeleton. Learning about how it works and what functions it has.

Can you make your own model of the skeleton? You could use straw, masking tape or even LEGO! Be creative!

In **History** we will be learning about the Romans and how Roman life impacted Britain. We are looking forward to the Roman experience day at school in June!

Research an area of ancient Rome and create an information page all about it. Will you choose weapons, farming, roads... or anything else?

Send in your work by ClassDojo or bring it in to class.

In **Computing** we are using Purple Mash to learn about computer coding. Why not have a practise at home and design your own code for a game? Use the 2code program.

SYCAMORE Class Home Learning Summer 1

In **Art** we will be exploring printing – and using our skeletons as inspiration. We will also look at the sketch work of Leonardo Da Vinci. Can you find some interesting facts about this great artist and make a short quiz? Bring it in to class (or send on Dojo) and we can see if the rest of the class are able to get your questions correct!

Times tables.

It remains really important that you are practising your times table at home. We have TT RockStars which you can play every day at home as well as the [Super Movers: Times Tables Collection](#) videos. If you don't know your password to log-in, please ask your teacher.

Home work tasks.

Please complete any of these tasks and send them in to your teacher. We love to see your work from home – and share your amazing efforts with the rest of our class. As well as the above, the following homework should be done at least 4 times a week:

- 1) Times tables – Please keep practising these at home on TT Rockstars.
- 2) Reading – this can be your home/ school reader, a library book, a magazine or comic or something else that you enjoy reading. Keep reading – it will also help you with your writing. Make sure you record it in your reading record!
