

ART

Why is Art important?

The purpose of Art is to give pupils the skills, concepts and knowledge necessary for them to express their responses to ideas and experiences in a visual or tactile form. It fires our pupils' imagination and is a fundamental means of personal expression.

What Art looks like at Roebuck

At Roebuck Primary School, children have the opportunity to take part in a range of artistic activities. We believe that it is important to develop children's creativity, imagination and their self-esteem. We do this through developing skills in painting, drawing and sculpture.

What our children say.....

"I love Art."

"Drawing is interesting."

"Art makes me feel good."

"I like giving my drawing as a gift."

"We're all artists."

Examples of learning at Roebuck

At Roebuck Primary School children have a chance to develop their artistic creativity in a range of activities.

For example, through the creation of costumes and props for the Nativity and end of year production, creating decorations for various celebrations throughout the year and producing art work for whole school displays.
